

## GET SMART. GET INVOLVED.

**Smart**GrowthBC

- **Visit our website and learn more** about smart growth principles, land use trends and the pros and cons of various planning on conservation decisions. [www.smartgrowth.bc.ca](http://www.smartgrowth.bc.ca)
- **Join our Livable Communities Listserv** and get the latest news, opinions and opportunities in the sustainability and smart growth fields. Just send us an e-mail: [info@smartgrowth.bc.ca](mailto:info@smartgrowth.bc.ca)
- **Contact us to organize a smart growth workshop** in your community. Smart Growth BC's Community Assistance Program will provide you and your neighbours, elected officials and/or city planning staff with the basic knowledge and understanding of smart growth principles, strategies, and tools to make your community more sustainable and livable. Give Jason Emmert a call: 604.915.5234 x 302
- **Encourage your community to apply for Smart Growth on the Ground partnership.** Through this initiative, we help selected partner communities in designing a more sustainable future for a specific site or neighbourhood. We then work with them to turn that vision into a reality. [www.sgog.bc.ca](http://www.sgog.bc.ca)
- **Engage Smart Growth Advisory Services for community planning support.** Smart Growth Advisory Services is Smart Growth BC's mission-based social enterprise. It supports local governments in delivering state-of-the-art public consultations, land use planning, GIS mapping, community visioning, urban design, policy and plan development, research, analysis, and more. [www.sgas.bc.ca](http://www.sgas.bc.ca)
- **Write an article in your local paper** about the smart growth issues you care most about and help us spread the word—the pen is mightier than the sword.
- **Become involved in your local planning process.** Attend meetings; read your city or town plan; provide comments; and promote smart growth policies and programs.
- **Run for local or provincial government** and promote smart growth. Also, stay tuned for Smart Growth BC's Voter Education Campaign.
- **Join the Friends of BC.** Smart Growth BC is a non-profit organization and a federally registered charity. The financial support we receive from the individuals, corporations, organizations and municipalities of our province's diverse communities makes a world of difference to the kinds of projects we can undertake. Your contribution is greatly appreciated. For more info, contact Hilary Mandel at: 604.915.5234 x 305

Creating more livable communities • Creating more livable communities • Creating more livable communities
